Biography

I am an imaginative web designer and developer, with experience in planning, designing and producing web sites. I am currently studying at Faculty of Information Technology where I will major in Designing of user interfaces.

My hobbies focus on aesthetics of products and their impact on people who are using them. One of the ideas that is leading me as a person and as a designer is that everything can be designed in a better, more efficient way, whether it's a web page, application or some other product.

Education

2008. Faculty of Information Technology
department of Engineering of Information
Technology.
1999. - 2003. Technical High school, department of
information technology.
1991. - 1999. Primary school in Banja Luka.

Extra-curricular experience

In 2006. I have successfully went through training of young information technology entrepreneurs organized by Exit centre. Training contained courses such as project management, CRM, startup ventures, writing a business plan, marketing, selling, financial analysis, trends in information technology.

Work experience

Current **Media Matrix DOO.**
UX Designer
2008. - 2010. **Evron marketing team**
Senior web developer.
2006. - 2008. **Europrint/GlitzzyDesign**
Web designer.
2005. **Omladinski centar "Kastel"**
*Teaching Internet marketing and web
development.*
2003. **3 Steps ICT**
Senior web developer.
2003. **Ekom Informatika**
High school work with MS SQL.
2002. **BLIC.NET**
High school work with PHP and MySQL.
